Dear Member

For raising funds DMS has been organizing old Hindi song shows.

- Over the last five years twenty shows have been organized including at Mumbai, Coimbatore and-Hyderabad. All shows are called GAATA RAHE MERA DIL and each show will have a unique theme.
- The next show is at Chennai on Sat. 20th June 2009 at Kamaraj Arangam. The theme is centred around the legendary actress Waheeda Rehman and is titled ‘Chaudvin ka Chand: An evening with Waheeda Rehman’. The legend has confirmed being the Guest of Honour at the show.
- By the grace of Shri Kamakshi Baba, DMS has been able to invite celebrities to its shows. On earlier occasions Ameen Sayani, Dev Anand and Manohari Singh (the famous saxophone player and right hand of the late R.D.Burman) were Guests of Honour.
- Shows at Bangalore have also become a regular feature. A review by Times of India is carried in this issue.
- One of the reasons for the success of the Bangalore shows has been the splendid help and teamwork of Bangalore volunteers. Led by Ms. Shailaja Raj, who is the neice of Guruji, the group has shouldered the responsibility very effectively. “It is a privilege I would always want to be able to do to Him in return for the unbelievable miracles He has done for me and my family” says Shailaja.
- Leading from the front is the ‘teen deviyan’ team, cousin sisters/co-sisters all – Shailaja, Bhanu and Booma and may we say that their enthusiasm has worked magic for DMS.

May Kamakshi Baba bless them all with His grace and shower peace and prosperity.

MATA KAMAKSHI

**DROPPED YOUR MOBILE OR I-POD IN WATER?  
DON'T DESPAIR, RUSH TO THE KITCHEN!**

Did your expensive mobile or I-Pod fall in water or got wet in the rain?

Warranty for most electronic gadgets does not cover damage by water. The answer is in your kitchen.

Power off the device and try to completely cover it in a bowl of rice. Rice being a natural desiccant will help absorb the extra moisture. Leave it like that for at least 24 hours and DO NOT try to charge the device.

If your gadget has a removable battery, remove it and dry it separately to speed up the whole drying process.

This will work out very cheap as compared to repairing/purchasing new unit.
