“FOR EXISTENCE A MUSLIM KILLS GOATS. IT IS HIS DHARMA WHEREAS A VEGETARIAN CONSIDERS IT AS ADHARMA. REMEMBER DHARMA AND ADHARMA GO TO THE BODY. KILLING A GOAT AND EATING ENHANCES THE STRENGTH OF THE BODY BUT NOT THE MIND.MIND IS INFINITE. SO MENTAL PRAYERS ARE SUPREME.”

-KAMAKSHI BABA

Dear Member,

We carry below an instance about Guruji, narrated by Shri Mukund Mama, elder brother of Guruji:

Shri Kamakshi Baba was working for Best and Crompton and at the time of this incident He was engaged in doing Railways electrification work in Kazipet (from 1981 to 1985).

Guruji in His free time was encouraging devotees and people in the neighbourhood to chant Vishnu Sahasranamam, Lalitha Sahasranamam and Guru Slokas. He would also guide persons seeking expertise in predictions and curing the people coming to him with mental and physical ailments. He was popular as a spiritual person.

There was a rich and very popular prostitute Meena Chowhan (name disguised) well known in Warrangal, Kazipet & Hyderabad. She heard of Guruji’s greatness but in her arrogance, started telling that in front of eminent persons and persons of high standing coming to the Friday prayers, she will expose Kamakshi Baba of His character. Guruji was not aware about her or her intentions.

So on a Friday evening Meena came along with a young and beautiful girl aged about 20 years and was a graduate and also a talented dancer. For Friday prayers about 30 ladies of the area normally attended.

She told Guruji “This girl is my daughter. She is suffering from breast cancer. Please pray to Kamakshi and cure her”.

Guruji closed His eyes and prayed to Divine Mother to grace the girl. Suddenly the girl lifted her blouse and showed her breast.

Meena told Guruji, “Guruji kindly apply kumkum on the breast and cure this girl of cancer.”

Little realizing that Guruji is the divine mother’s son, she thought she could seduce Guruji and make Guruji a womanizer.

Guruji immediately found out from His powers what Meena was trying. He asked Meena “Why did you bring this girl?”.

Meena said “I will leave the girl here for this night. You can apply kumkum and do prayers in the night.”

Guruji ordered the girl to close the jacket.

He laughingly told Meena “This girl is not suffering from anything and I bless her to become a famous dancer and earn lots of money. She is not a prostitute like you.”

He added, “Actually the cancer is in your breast Meena which I cannot cure. To know the cure for your breast cancer you come another time and apologise for the mistake you have committed now and I shall tell you the treatment at that time.”

Meena and the girl left for Hyderabad the same night. The girl was happy to have got Guruji’s blessings. But Meena was upset.

It must have been about three months thereafter. One day Meena suddenly realized there was a problem with her breast medically. Upon diagnosis, the doctors confirmed she had cancer! Meena recalled the statement Guruji had made to her and felt she had committed a horrendous sin.

She dashed to see Guruji. She fell at His feet seeking forgiveness and prayed for cure. Guruji told her not to worry. “This is divine mother’s punishment for your bad behavior. Never repeat this to anybody. I have prayed to Mother Kamakshi and She says your cancer is at an early stage and is curable. Please visit Johanneewada Kamakshi Amman temple and do prayers for 108 days doing pradakshina every day”.

Meena returned after four months. She told Guruji that she was all right now. Guruji blessed her and advised her to do Sai bajans in Sai Baba temple in Hyderabad and spend the rest of her life following the spiritual path.

Mukund Mama adds: This incident is very similar to the incident, which has taken place in Sai Baba’s life where Sundara bai a famous dancer wants to entice Sai Baba and malign Sai’s character as a womanizer.

MANAVA SEVA NEWS FROM ALAMADHI CENTRE

Nutrition Supplement for mother and child

In the previous issue of Satsanga I had narrated two interesting cases we had handled at our Centre. In this issue I would like to explain an initiative we have taken to help the Mother and Child achieve better health.

The children attending our well girl child clinic have been showing gross nutritional deficiencies. Our regular check ups were showing inadequate weight gain in spite of vitamins and deworming etc.

On interrogation we found that the diet was not balanced.

After carefully planning we decided to teach them to prepare nutritious food using locally available, inexpensive things like drumstick leaves, tomato and papaya soup. Drumstick leaves are a rich source of iron, vitamin A and proteins.

Mother and children being given soup prepared at *DMS* Centre

DMS now prepares in-house a soup consisting of minerals of drumstick leaves, onion and garlic. We ask both mother and child to have it. It is so tasty, they drink it with relish. (100gm leaves provides 12gm proteins, 1 gm iron and 4000 units of vitamin A). Other nutrition drink offered is tomato soup.

The *DMS* – ENVIKAL Centre of Technical Excellence

Report by N.T.Nathan

I was in Alamathi for prize distribution function at *DMS* Ashram on 25th June 2011. We gave away prizes to top students of class 10 from Govt Schools at Alamathi and Pammadukulam & of class 12 from Sr. Secondary School at Padianallur.

Prize winners with their parents with N.T.Nathan .

Toppers with their prize cups.

All of them had, thru the last year, undergone *DMS-ENVIKAL* tuitions at the Ashram and have scored over 80% in the last public exam.

I met the best performing students and their parents. The 10 th students are all studying now in 11th and in science stream. They aspire to join medical and eng courses.

As for 12 th students, two of them are scheduled to attend counselling for Medical college admission. Four others are slated to attend Eng College counselling in the month of July. (One of them is applying for veterinary college).I wished them well and asked them to email / call me if they face any problems in pursuing their studies.

Bhuvaneshwari, who is 3rd in Class 12 achieving nearly 88%, is a noteworthy performer and wants to be an engineer. I am sure she would be able to get a subject/college of her choice particularly because she is a Scheduled tribe candidate.

We will be in touch with them to track their progress.

Report from Ms. Dhanalakshmi, Manager, Redhills Centre

DMS gets 100% results in Class XII exams!

We are delighted to announce excellent performance by students who attended coaching at our Centre:

10th standard results are 98.5% compared to 95% last year

12th standard results are 100% i.e: all students who attended our coaching passed their 12th standard.
